Fort Collins, CO

## PROFESSIONAL SUMMARY

Ecosystem Science and Sustainability student with experience in conservation, environmental education, and visitor engagement.

Skilled in research, leading educational programs, and creating outreach materials. Strong project management and customer service background, with expertise in promotional content and social media for community engagement. My core competencies include organization, scheduling, written and verbal communication, and research skills.

## PROFESSIONAL EXPERIENCE

### **The Student Conservation Association - Visitor Services Intern**

05/2022 - 08/2022

Back Bay National Wildlife Refuge, Virginia Beach, Virginia

- Curated content for social media to enhance outreach and promote conservation.
- Conducted sea turtle patrols to identify and protect nesting sites.
- Used interpretation skills to lead engaging tram tours, educating visitors on local wildlife and ecosystems.
- Developed and implemented an educational climate change program for children (6-12).
- Managed front desk operations and assisted visitors for a welcoming and informative experience.
- Streamlined office procedures through improved organizational and filing, increasing efficiency.

### **Care.com - Babysitter/Pet sitter**

2017- Current

- Created positive and nurturing environments to foster children's social and emotional growth.
- Communicated positively with children and their guardians.
- Experience with caring for common household animals, reptiles, and farm animals.
- Administered oral and injected medications to pets according to the owners' guidelines.

### **Collected by Elizabeth Malmo - Retail Associate/Stockroom Assistant**

12/2022 - 01/2023

Memphis, TN

- Reorganized the entire stockroom, including arranging inventory, building storage, and implementing a new labeling system for easier access and inventory management.
- Provided customer assistance in person and over the phone, wrapped gifts, and sold products to customers.
